***Deliver threat-based C4I and space capabilities to enable  
the Fleet to compete, deter and win – tonight***

# PMO perspective on Cyber

Cyber is a dynamic requirement that has to be factored in all phases of the program and every aspect of program management

- Steady, continuous investment
- EOL/EOS
- All hands effort at PMO
- Automation from ground up
- SecDevOps
- Challenges Distributed Maritime Ops
- Clarity between “maneuver” and engineering
