

NAVAL POSTGRADUATE SCHOOL

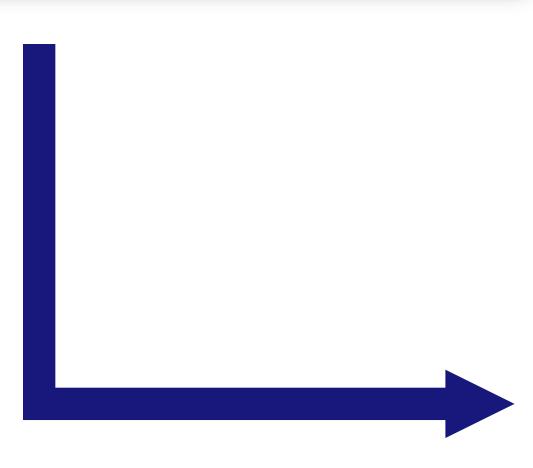

Sample Model

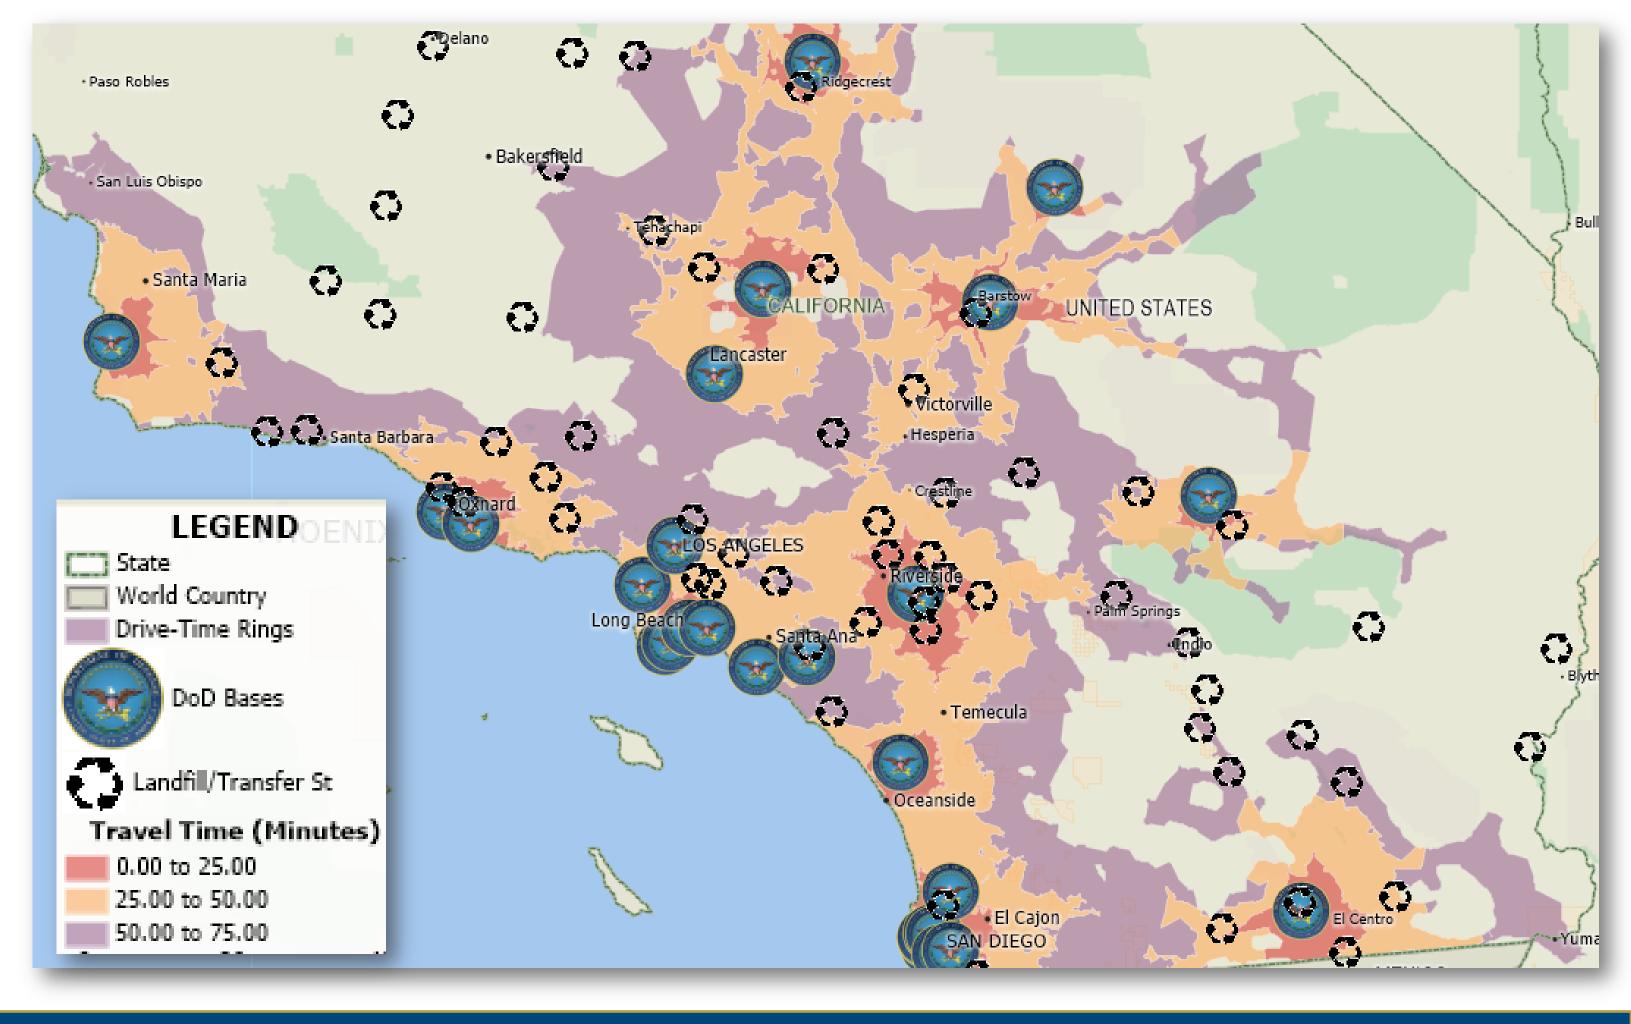

Integrated Solid Waste Management (ISWM)

- **1. Identify DoD Requiring Activities**
- **2. Identify Cost Drivers:** Category Intelligence Reports (CIRs)
- **3. Locate Proximity Dependent Cost Drivers:** Landfill/Transfer Stations
- 4. Determine Optimal Cluster Size: Mileage, Travel Time, Geographic Features

Optimal Clustering of Strategically Sourced Services

Are there potential cost savings through strategically clustering common DoD service contracts?
