

COST SAVINGS THROUGH BLACK HAWK COMMONALITY: UH-60M & UH-60V

UH-60M

- “Same” aircraft; different architecture
- Same potential and required mission sets
- U.S. Army mandated common user interface

UH-60V

- **What sustainment cost savings would be realized by utilizing the same mission computer and multi-function displays (MFDs) in both Black Hawks?**
- **What contracting strategy best supports this approach across product offices and organic sustainment entities?**
