

	<b>Task Instructions</b>
1	Review all mappings displayed in tabs A through Z.
2	Utilize the "OMB Obj Class" tab for reference on the various object classes.
3	Utilize the "PSC Information" tab for reference on the various Product Service Codes.
4	<p>Provide comments or suggestions under your respective organization in the "<b>Comments</b>" <b>tab, columns C through M for each PSC range listed</b> in the Comments tab (rows 2-27). Please be sure to <b>indicate</b> in your narrative which mapping you may <b>disagree with (or have a better suggestion for) by providing the specific 4-character PSC</b>. If your organization agrees with the crosswalk for a given PSC range, please input "no comments". Please keep in mind the <u>purpose</u> of this review is strictly to <b>collect any comments regarding the initial mapping</b> that has been completed between PSC and Object Class. This exercise <b>is not intended as an opportunity to dispute the structure or individual definitions or meanings of the codes found on either code list</b>.</p>

	A	B	C	I	M
1	PSC Range	MDA Comments	DTRA Comments	Air Force (Finance)	OSD(C) / BIO Adjudication of Comments
2	A - Research and Development	No Comments	No Comments	We didn't see crosswalks for the following PSCs:AJ27, AJ37, AJ47, AJ57, AJ67, AJ77, AJ97, AN87, AP67, AP77, AT87	Concur with AF comments and these PSCs have been added to this crosswalk.
3	B - Special Studies and Analyses - Not R&D	No Comments	No Comments		
4	C - Architect and Engineering - Construction	Recommend adding OCC 32.0 for Land and Structure. Per FMR Vol 4, Ch 6, the recorded cost (also referred to as acquisition value) shall include all amounts paid to bring the property to its form and location suitable for its intended use. The costs include engineering, architectural, and other outside services for designs, plans, specifications, and surveys (environmental liability studies).	Concur with MDA and would expand on this to say that A-11 specifically excludes those architecture and engineering services as defined in FAR 36.102, which include: "(c) Other professional services of an architectural or engineering nature (including surveying and mapping, plans and specifications..." These are more appropriate to OCC32.0.		Concur with MDA and DTRA. The Crosswalk for A&E-Construction has been changed to havethe OOC = 32.0 - Land and Structure.
5	D - Automatic Data Processing and Telecommunication	Recommend adding OCC 25.7 for O&M of equipment. 25.7 includes contractual services involving the use of equipment in the possession of others, such as computer time-sharing or data center outsourcing.	Disagree with MDA comment. Options for OCC 25.7 "Operation and maintenance of equipment" can be found under "J-Maintenance, Repair, and Rebuilding of Equipment" with OCC 25.7. Not sure you need to create this under "D" as well.		Concur that some PSC should crosswalk to OOC 25.7 based on OMB A-11, Section 83, "Exclude charges for maintenance of information technology and related training and technical assistance, when significant and readily identifiable in the contract or billing, which will be classified in object class 25.7, Operation and maintenance of equipment."
6	E - Purchase of Structures and Facilities	No Comments	No Comments		
7	F - Natural Resources and Conservation	No Comments	No Comments	We didn't see crosswalks for the following PSCs: F022	This has been added to the crosswalk
8	G - Social Services	No Comments	No Comments		
9	H - Quality Control, Testing, and Inspection	Recommend adding OCC 25.1 for A&S services. 25.1 includes studies, analyses, and evaluations.	Agree with OSD(C)/BIO but assume you would choose the PSC for installation of equipment which is OCC 31.0 and not assign an additional PSC for the Quality Control, Testing, and Inspection. If that's the case, no changes are necessary.		Concur with DTRA Comments and non-concur with MDA. The PSC crosswalk has been changed to show as 31.0 Equipment
10	J - Maintenance, Repair, and Rebuilding of Equipment	No Comments	No Comments		
11	K - Modification of Equipment	No Comments	No Comments		
12	L - Technical Representative	Recommend adding OCC 25.1 for A&S services. 25.1 includes engineering and technical services.	No comments. In regards to MDA comments, there is an A&AS option under R421 Technical Assistance. Not sure you need to create this under "L" as well.		Both OOC 25.1 - Advisory and Assistance Services and OOC 25.2 Other Services were considered during the review of comments. But it was not felt that either were proper and 25.7 - Operations and maintenance of equipment was selected.
13	M - Operation of Government Owned Facilities	No Comments	No Comments		
14	N - Installation of Equipment	Recommend adding OCC 26.0 for supplies and materials. PSCs N025 to N031 are materials & parts used to form a minor part of equipment or fixed property.	DTRA reads installation of equipment as a component of equipment cost or OCC 31 vice 26. Parts generally fall into materials and supplies or OCC26.0. Example, purchase of supplies under OCC 26.0, i.e. PSC 3130 for Bearings		Concur that OOC 26.0 - Supplies and materials was applicable for some of the PSC codes vs. 31.0 Equipment.
15	P - Salvage Services	Recommend adding OCC 25.2 for other services from non-federal sources in order to cover contract services fees and other charges.	Concur with MDA.		During review, we concurred that the OOC for the PSC not related to buildings and structures should be changed to OOC 25.2, but for P400 and P500, the OOC will remain 25.4.
16	Q - Medical Services	No Comments	No Comments		
17	R - Professional, Administrative and Management Support	No Comments	Recommend adding OCC 25.2 for Auditing of financial statements. Currently, only OCC in the mapping is 25.1 (R704). OMB A-11 states "exclude auditing of financial statements, which will be classified in object class 25.2, Other services from non-Federal sources"  Recommend changing the OCC on R402, Real Estate Brokerage Services. It is mapped to 25.1 but the FMR excludes "realty-brokers" from A&AS. In this case it would be more appropriate to OCC 25.2.  Recommend changing the OCC on R411,Real Property Appraisals Services. It is mapped to 25.1 but the FMR excludes "appraisers" from A&AS. In this case it would be more appropriate to OCC 25.2.  Recommend changing the OCC for R404, Land Surveys, Cadastral Services. It is mapped to 25.1 but the FMR excludes "surveyors" from A&AS. In this case it would be more appropriate to OCC 25.2.	We didn't see crosswalks for the following PSCs: R614	We agree that the current mapping to 25.1 is not correct. But during the review we felt that the proper crosswalk should be to OOC 32.0 Land and Structures. PSC R614 Support- Administrative: Paper Shredding has been added to the crosswalk and assigned to OOC 25.1 Advisory and Assistance Services.
18	S - Utilities and Housekeeping Services	Recommend adding OCC 25.4 for O&M of facilities. This OCC includes service contracts and routine repair of facilities and upkeep of land (e.g., snow removal).	Concur with MDA.		Concur. For PSCs that have been identified as being related to facilities, the OOC crosswalk has been changed to be 25.4.
19	T - Photographic, Mapping, Printing, and Publications	No Comments	No Comments		

	A	B	C	I	M
1	PSC Range	MDA Comments	DTRA Comments	Air Force (Finance)	OSD(C) / BIO Adjudication of Comments
20	U - Education and Training	Recommend adding OCC 25.1 for A&S services. 25.1 includes services that support or contribute to improved organization of program management, logistics, management, project monitoring and reporting, data collection, budgeting, accounting, performance auditing, and administrative/technical support for conferences and training programs.	R419, Educational Services is mapped to OCC 25.1. Recommend using this PSC rather than adding OCC 25.1 to U-Education and Training.		Concur, the crosswalk has been changed to have OOC 25.1 vs. the current 25.2.
21	V - Transportation, Travel and Relocation	No Comments	No Comments	We didn't see crosswalks for the following PSCs: V001, V229, V231, V241, V251, V301, V302, V999	These PSC - OOC Crosswalk has been added.
22	W - Lease or Rental of Equipment	No Comments	OMB A-11 requires OCC 31.0, Equipment, for lease-purchase contracts for information technology and telecommunications equipment. "W" maps to 23.2 and 23.3 only.  W070, Lease or Rental of Automatic Data Processing Equipment, Software, Supplies and Support Equipment maps to OCC 23.3, A-11 requires inclusion of "rental or lease of information technology equipment..."		1. Currently the crosswalk establishes a one to one relationship between PSC to OOC codes. While some lease purchase contracts may occur the majority of actions will be leases. 2. Concur, the PSC W070 will be changed
23	X - Lease or Rental of Facilities	Recommend adding OCC 23.1 for rental payments to GSA.	Agree with MDA.  Also, OMB A-11 requires OCC 32.0, Land and structures, or OCC 43.0, Interest and dividends for lease-purchase contracts for construction of buildings. "X" maps to 23.2 and 23.3 only.		Non-Concur. Payments to GSA would not be on a contract, but on a MIPR or other document. Current directions do not include a crosswalk for anything other than contracts with non-governemnt suppliers.
24	Y - Construction of Structures and Facilities	No Comments	No Comments		
25	Z - Maintenance, Repair or Alteration of Real Property	No Comments	No Comments		
26			There are valid mappings for 25.3 "Other goods and services from Federal sources." This will be required when assigning a PSC to a MIPR within DAI. 25.3 which would apply to rental payments for facilities other than a GSA lease, Interagency Orders for contractual services.		As noted in the response to PSC Category X - Lease or Rental Facilities, Payments for GSA do not currently require a PSC code.
